For the attention of Ian Greener

Dear Ian,

RE: Western Gate – Himalayan Balsam Treatment Works.

Further to your recent email requesting confirmation of the works undertaken to date please see the below for further information:

- July 2011 JKSL attended site and surveyed the site, produced a proposal document complete with drawing JK11-6123-01 highlighting the extents of the Himalayan Balsam recorded on site.
- June 2012 JKSL were appointed to undertake the chemical treatment works highlighted in the proposal document.
- 15.06.12 Initial chemical treatment works undertaken.
- 20.08.12 site monitored and further herbicide re-applied.
- 04.06.13 site monitored and further herbicide applied.
- 03.09.2013 site monitored and further herbicide applied despite plant seeding.
- 30.05.2014 site monitored and further herbicide applied.

JKSL will be returning to site later in 2014 and again in 2015 to monitor and re-apply herbicide where necessary after which we will report back to BAM on the treatment progress. At the end of the allocated treatment period we will assess the site again and advise on any further works which may well be necessary.

Should you require any further information please do not hesitate to contact me.

Yours sincerely

For Japanese Knotweed Solutions Ltd

Alexander Dayes
Managing Director
