February 2014

To be read in conjunction with Landscape Plan no LSC1

## Shrubs

| Ref   | Species                           | height     | pot size | density   | quantity |
|-------|-----------------------------------|------------|----------|-----------|----------|
| Brac  | Brachyglottis Sunshine            | 15 -30 cms | 3L       | 5/m       | 15 no    |
| Buxs  | Buxus sempervirens                | 30-40 cms  | 7.5 L    | 0.3 m cts | 84 no    |
| Chot  | Choisya ternata                   | 40-60 cms  | 10L      | 3/m       | 9 no     |
| Chots | Choisya ternata Sundance          | 40-60 cms  | 10L      | 3/m       | 3 no     |
| Cora  | Cornus alba aurea                 | 40-60 cms  | 10L      | 3/m       | 6 no     |
| Corm  | Cornus midwinter fire             | 40-60 cms  | 10L      | 3/m       | 21 no    |
| Euofs | Euonymus fortunei Sunshine        | 15 -30 cms | 3L       | 5/m       | 22 no    |
| Euph  | Euphorbia characias White Swan    | 30-40 cms  | 7.5 L    | 3/m       | 3 no     |
| Germ  | Geranium macrorrhizum Czakor      | 15 -30 cms | 3L       | 5/m       | 40 no    |
| Hedc  | Hedera colchica dentata variegata | 60-90 cms  | 10L      | as plan   | 7 no     |
| Helf  | Helleborus foetidus               | 15 -30 cms | 3L       | 5/m       | 10 no    |
| Kerjv | Kerria japonica variegata         | 30-40 cms  | 10L      | 3/m       | 9 no     |
| Lonn  | Lonicera nitida baggesens gold    | 40-60 cms  | 10L      | 3/m       | 12 no    |
| Maha  | Mahonia aquifolium Apollo         | 15 -30 cms | 3L       | 5/m       | 25 no    |
| Mahws | Mahonia Winter Sun                | 60-90 cms  | 20L      | 1/m       | 1 no     |
| Misc  | Miscanthus sinensis Frans Fontane |            | 10L      | 3/m       | 3 no     |

| Ref  | Species                   | height     | pot size | density | quantity |
|------|---------------------------|------------|----------|---------|----------|
| Pruo | Prunus otto Luyken        | 40-60 cms  | 10L      | 3/m     | 12 no    |
| Pysy | Pyracantha Saphyr yellow  | 40-60 cms  | 10L      | 1 m cts | 5 no     |
| Skic | Skimmia confusa Kew Green | 15 -30 cms | 3L       | 5/m     | 47 no    |
| Vibd | Viburnum Davidii          | 30-40 cms  | 10L      | 3/m     | 18 no    |
|      |                           |            |          |         |          |

Shrubs :

To BS 3936 to be planted in debris and weed free beds 30 cms deep. Topsoil to BS 3882. Plants to be good quality bushy stock commensurate with pot size. Plants to be procured from a recognised supplier of advanced nurse stock. Box to be procured from a single supplier to ensure uniformity of stock. Allow for 75 mm of Amenity grade mulch to all planting beds.

Specimen shrubs :

1 no 35 L Rhus typhina to be planted in grass with a 1 metre diameter grass free circle to base.

Climbers :

to be mounted on a lightweight vertical trellis panels to keep the upward growth momentum rather than left on canes to flop over.

## TREES

| species                         | girth     | quantity |
|---------------------------------|-----------|----------|
| Amelanchier arborea Robin Hill  | 14-16 cms | 2 no     |
| Betula albosinensis Fascination | 12-14 cms | 1 no     |
| Malus Crittenden                | 14-16 cms | 1 no     |
| Red Sentinel                    | 14-16 cms | 1 no     |
| Toringo Scarlett                | 14-16 cms | 1 no     |
| Pyrus calleryana Redspire       | 14-16 cms | 2 no     |

Trees to be staked and tied at low level using 75 mm diameter peeled larch stakes and durable rubber ties. Triple staked trees are to have 3 no 2.1 metre long stakes 600 mm into ground. Stakes triangulated using 3 no 0.5 metre long x 75 mm x 25 mm tanalised timber spacer bars nailed to top of stakes. Tree held in place using durable rubber strapping. Tree pits to be 900 mm diameter x 600mm deep with backfill containing recommended quantity of micorrhizal fungal spores. Trees in grass to have 1 metre grass free circle to base of tree which is to be accurately cut and mulched to avoid growth of grass and weeds. This will greatly enhance the establishment of the trees and the triple staking will preclude damage from strimmers and mowers.

Existing trees to be protected in accordance with BS 5837 for the duration of the construction process.
