Hi Carl,

Further to the emails below, are you still on track to provide the results this morning?

We are under pressure with timescales on this project.

Thanks

Hi Pete

Survey went well, I will be able to get you the full data very early tomorrow morning

From general observation, I'd be surprised if the car park goes over 50-60% capacity

Kind Regards

Carl

Hi Carl,

How did the surveys go?

As discussed, we are really up against it with timescales so if you could get the data through today / tomorrow that would be a great help. Even if it's just max occupancy on both of the days at the moment that would be great.

Thanks
Pete
