YOUR COMMENTS ON THE CASE

Please provide your representation below.

The disruption on traffic will be horrendous if this is allowed to go ahead. The turnings out of the car park will prove difficult, especially when a bus is at the bus stop. The view will be obscured. There will be no room in this car park for lorries to make deliveries and they will be shunting and to-ing and fro-ing to manoeuvre and goodness knows the impact on the traffic going up and down the hill. Already cars speed up way before the 40 sign just at the car park and coming up the hill they do not slow down the the 30mph, I know this as I walk this route every day at this busiest time of the day. Have you seen how busy the bus stops are with school children, already making the Woodlands Road very awkward exit even more dangerous with lorries and cars pulling in and out of the opposite car park. Have you seen how busy this car park is already, so where on earth will the shop traffic park, oh let me guess, all over the place. This proposal will have such a detrimental effect on an already busy, difficult junction and can not possibly be allowed to go ahead. Please try walking your children or dogs along this route on any given (busy, school morning), not when its quiet as I believe you did before) and you will see it is an accident waiting to happen. Please, please do not allow this to go ahead.
