YOUR COMMENTS ON THE CASE

Please provide your representation below.

The primary focus of objection to this application is one of safety. As a long standing resident I am very aware that as motorist or pedestrian the area needs to be approached with extreme vigilance. The granting of this application which would greatly increase the volume of traffic would bring added dangers to an already dangerous location. The proximity of the local junior school to the location only increases the concerns of local residents to the possible tragic repercussions of granting this application. As there are a number of other issues such as noise pollution and parking problems I respectfully request that the authority take heed of the concerns of local residents and indeed of the local planning committee which did not cast even ONE vote in favour of this application and refuse this appeal forthwith.
