OBJECTION

YOUR COMMENTS ON THE CASE

Please provide your representation below.

I understand that the details of my previous objection to the proposed development have already been passed on to you. I would reiterate those same objections but also add to them the following observation.

The people and the authority who will be directly affected by the proposal have already, in a democratic fashion, refused permission. I strongly object to the fact that it now appears that the FINAL decision has been placed in the hands of the 'suits' in Cardiff who will in no way be affected by the conditions I have pointed out in my objection and whose main consideration will be the wealth of the combination of Marston Breweries and Tesco's and their ability to increase their annual turn over which is already a considerable amount of money.

I apologise for the quality of my hand writing which is attributable to age deterioration
