Mike

An inspection has been undertaken at the above site and I am happy to confirm that the work has been completed in a satisfactory manner.

I will arrange for my colleague Ann Moss to place the footway works on a 12 month maintenance period during which time you will still be liable for the footway. A further inspection will be undertaken in 12 months time to assess if the footway is still in a suitable condition to become adopted highway, maintainable at public expense.

I trust this is ok but should you have any other queries please feel free to contact me.

regards
Pete

Dear Peter,

The works as per the agreed scheme have been completed.

Please could you now carry out any inspection you deem necessary so that we can be issued with the provisional certificate of completion.

Let me know if you need any further information.

Regards
Mike Williams
Director.
