LL14 6DP.

Dear Sir/Madam

Subject:-Town and Country Planning Act 1990
Section 78 Appeal at Business Park Site, The Green, B5605
Between Park Road and A539 Roundabout, Ruabon, Wrexham.

I am writing to you with regard to the above subject matter.

During last summer I saw work being carried out in the field opposite my home by contractors. The works involved lorries carrying hardcore, and that hardcore being taken along the field by dumper, and being laid as foundation for a road.

As I had attended the Council planning meeting earlier in the year I was present when the application was refused. Due to this when I saw this work being carried out I contacted the Wrexham County Borough Council Planning office and was told that an Enforcement officer would attend to stop the works.

About two days latter the works had stopped and on the Friday of that same week all the plant which was involved in this works were removed by low loader.

I am sorry I cannot tell you the exact date but I am sure that Council records will show when they were contacted and what enforcement action was taken.

Yours faithfully

Mr P.G. Lloyd
