TOWN AND COUNTRY PLANNING ACT 1990.

TOWN AND COUNTRY (GENERAL DEVELOPMENT PROCEDURE) ORDER 1995.

Location: O. S Grid Ref: 2790 4180 15 Bro Gwilym, Cefn Mawr

Development: Removal of hedge and erection of fence (in retrospect)

I refer to your consultation dated 04 January 2011 concerning the above.

The site is located at the junction of Bro Gwilym and Cae Gwilym Lane within a 30 mph speed limit.

Prior to the erection of the fence the site had a 2m high boundary hedge along its full frontage on Bro Gwilym. The site access on Bro Gwilym suffered from substandard visibility in both directions due to the boundary hedge either side of the access. The boundary hedge did not obstruct visibility at the junction of Bro Gwilym with Cae Gwilym Lane.

The new fence is erected in the same position as the fence was previously. Visibility at the access is still substandard but is no worse than previously. Visibility at the junction is not obstructed by the fence.

Given that the erection of the fence does not make visibility worse and is not therefore detrimental to highway safety I advise you that I do not make any objection to the proposal on highway grounds.
