Dear Moray,

Following receipt of your internal memorandum regarding the Green Plan Energy Application (ref P/2010/0642), I have reviewed your comments and ascertained that the report prepared by TEP referred to an old revision of the proposed layout. As such please find attached an updated report.

As you will note, the proposed layout ensures that the 5 trees forming part of G12 can in actual fact be retained.

I trust that this clarification is sufficient to remove your holding objection. However, if you have any questions or queries then please do get back to me.

Best Regards

Liz
