Morning Simon

I believe the summerhouse will stay. The mound will be removed as part of the landscaping to the rear which will be completed following the works to the boundary should, should the application prove to be successful.

Should you need any further information do not hesitate to contact me.

Regards

I refer to the planning application for this proposal, submitted on behalf of Mr M Kirkpatrick.

Please confirm your client's intentions regarding the large mound of soil in the south-east corner of the garden, and the summerhouse to the rear of the dwelling- are these to be retained? The mound of soil could give rise to amenity issues if retained, as it could lead to overlooking of adjoining gardens.

Thanks
