YOUR COMMENTS ON THE CASE (continued)

The row of cottages are part of the history of Rudben and should be preserved as such, to give local people the chance to own one.

Greenville Inc is now a conservation area as are the lovely walls bordering the main road & are part of the ambience of this part of Rudben. It gives one a good feeling just walking past on the way to the Village, & it would be detrimental to the locality if the cottages were lost forever.

Access would be difficult & ruin the appearance of this attractive historical site
