

Technical drawing of a site plan showing a fence, a road, and a proposed planting area. The drawing includes the following elements and labels:

- 1800mm-2100mm HIGH ANTI CLIMB FENCE**: A long horizontal line representing the fence, with a dimension of **1800 OR 2100** indicated below it.
- SITE DIM 800**: A vertical dimension line indicating a site dimension of 800 units.
- EATON**: A label for a specific area or feature.
- Timber crib—lock wall. Height varies**: A label for a series of rectangular structures along the fence line.
- 6 inch dia. sleeve for 1/2 inch dia. pipe to house fence posts**: A detailed label for a small circular feature.
- Geotextile layer**: A label for a horizontal line segment.
- 1800mm high bio degradable bamboo mesh**: A label for a vertical line segment.
- Proposed new planting will be approx 400mm past stone drainage area**: A label for a hatched area at the bottom of the drawing.
