Thank you for your reply to my message.

In view of the difficulties which you have been encountering in getting your mortgagee to engage with the matter, I will of course allow a further period to enable you to resolve those problems.

The writer will be away from the office on leave from tomorrow until Monday 21 June, when he will review the matter again, and he hopes that by then you will have succeeded in obtaining execution of the agreements by the Nationwide.

Lionel Price.

MESSAGE ENDS.

Good morning Mr Price

I apologise for the delay but unfortunately I have not yet received a response from the Nationwide Building Society. I wrote to them at the beginning of May and again on 23rd May. No replies have been received to either. I telephoned the Northampton office over a week ago chasing up my letters but was transferred from department to department. I rang Northampton again on Monday and after a lengthy delay when I was put on hold I was eventually told the paperwork had been forwarded to the Wrexham branch on 2 June. I have received no written notification from them regarding this. I tried to ring the Wrexham branch on Monday, it is an 0845 number and as the branch was not answering it went through to the central office. I again explained why I was calling and they tried to put me through to Wrexham, but without success. I subsequently asked for the Wrexham fax number and sent copies of my letters and requested a reply. I am still waiting. I am going into the branch office today to see if I can find out what the delay/problem is.

With regards, M S Melacrinis
