Full Planning Application

Stationing of shipping container for storage of play equipment for use by play scheme, King George field community centre Stryt Maelor Bwlchgwyn Wrexham.

I am writing to advise how I wish to object to the above planning application as detailed above. The siting of this container will encourage vandalism, a place for youths to hang around possibly drinking and smoking and attempted theft, As a parent and representative of Bwlchgwyn playgroup I would not wish to walk the toddlers past such an area.

As this sea container is for the provision of equipment to be used infrequently through out the year and not on a weekly basis by the play scheme. Is it not possible to utilise part of the the community centre in some way, as I believe meeting have been held to discuss the future of the centre, surely this would assist the play scheme as well as the viability for the community centre.

Please confirm you have received and acknowledged this objection.

Best Regards

Emma L.Topham
Chairperson of Bwlchgwyn Playgroup.
