your own behalf)

ABOUT YOUR COMMENTS

In what capacity do you wish to make representations on this case?
(Neighbour, Councillor, Owner, Tenant)

NEIGHBOUR

What kind of representation are you making?

OBJECTION TO THE PLANNING APPLICATION

YOUR COMMENTS ON THE CASE (*continued*)

After seeing the recent 24-hour bright lights shining across the fields from Compact Energy's drilling operation at Shocklach, I am even more confirmed in opposition to the company's plans to drill for gas on Redens Hall Farm's land ~~exactly~~ directly in front of my home.

Close inspection of the Shocklach site also confirmed fears of a great deal of noise as well as traffic disturbance.

I endorse the comments made by Waverham Council's own officers that this would be an industrial operation in a rural ~~setting~~ setting, and that the lanes would be totally unsuitable for heavy traffic in that they have not been constructed with a strong enough foundation.

Our family came to Isycoed 26 years ago precisely because it is a quiet rural area where we could enjoy a peaceful country life with ponies and pets. Compact Energy - if successful in their initial drilling - plan a 20 year operation to extract gas. Consider the noise, traffic movements and general disturbance of an industrial enterprise. It would completely ruin our peaceful haven!
