Dear Louise

Thank you for your letter regarding planning permission for Rose Bungalow, Furnace Rd, Ffrwd Wrexham

I strongly object to planning permission for the above property, Firstly there is already more traffic coming and going from the this property as it has numerous extensions, which are rented out as bedsits.

The noise level has gone up, what with extra vehicles but, not only that, we live on a country lane which is used on a regular basis by horse riders which is sometimes difficult to pass as there is no room on the lane for passing traffic.

Rose Bungalow is situated on a very dangerous blind bend.

The first garage was turned into living accomodation before planning was granted.

I believe the property is more than adequate to house a so called disabled bedroom and en-suit with all the extensions it has.

Regards

Mrs Price
