Dear Philip

With regards to the Timber posts, We are proposing solid oak.
We also agree to sandstone capping stones as below.

Regards
Yuji Suzuki

Subject: P/2010/0122 - The Roundhouse, Bridge Street, Ruabon

Dear Mr Suzuki

I refer to the planning application at the above site for the erection of an outdoor shelter.

I understand that extensive pre-application discussions have taken place regarding this proposal. I have received favourable comments from the Council's Conservation Officer regarding the proposal. However, there is further detail required which could be dealt with by condition. However, given the time available you may wish to submit this information whilst the application is pending. The detail required consists of:

- a) the proposed finish of the timber posts; and
- b) the proposed material to be used as the capping on the walls of the shelter (ideally a sandstone would be used).

The LPA is intending to condition that the rear and existing stone wall of the shelter is not rendered and that any re-pointing is to be agreed for

further approval.

If you wish to supply this detail prior to the determination of the planning application I would be pleased to receive this information at your earliest opportunity. Preferably within 14 days of the date on this email. Should you require any further information or have any additional queries please do not hesitate to contact the office.

Regards
Philip Forster
