Dear Sir/Madam.

Ref: P/2009/0296 – Premier Decorations, Oak Road, Wrexham.

We as a company who have traded in Wrexham for 36 years selling all products supplied by this company and feel very strongly that they can start selling in competition to us off an Industrial Trading Estate.

We are paying retail rates which are a considerable amount of money and they will be paying industrial rates.

We have been looking to purchase a larger property for our business for 2 years and cannot find one with retail planning. If Premier Decorations who sell a large range of products not just Christmas Decorations can operate off this site, would it not then be possible for us to operate off this estate?

Yours sincerely

G H Harding
