Dear [redacted]
Thinking about numbers, on average we would have had 5 staff, 10 reps, 20 deliveries/collections and about 50 customers per week arriving at and leaving the bed shop. This excludes meter readers, BT!, Tax collectors, Builders, Painters, Building materials, etc etc In the early days we would have had a higher number of suppliers delivering and representatives calling as i streamlined the product offering and number of suppliers we dealt with.
Let me know if I can be of further assistance.
Best wishes to you both.
Kind regards,
[redacted]

Dear [redacted]

Redpoint Holidays is currently applying for planning permission for the Trinity Hall site. As part of our application, we have been asked to provide details of previous traffic generation to the site.

Please could you advise me of the amount of traffic coming to the site when it was your bedroom furniture business.

Many thanks,

[redacted]
