6. No development shall commence until a GCN Mitigation Strategy has been submitted to and approved in writing by the determining authority. The GCN Mitigation Strategy should:

- Build upon the principles outlined in the ecological report (reference Maginn, U. (2021). Outline Great Crested Newt Mitigation Strategy. Avian Ecology. Unpublished)
- Submission of further details and associated plans concerning GCN avoidance and mitigation measures including, but not limited to: fence design, specifications and locations; considerations of access issues (including PROW if applicable); monitoring and maintenance requirements; and supervised removal. Submission to include proposed timescales and reporting requirements;
- Submission of a long term site management (not less than 25 years) that includes defined aims and objectives; habitat management prescriptions; contingency measures if fish or invasive non-native species (INNS) are detected; proposals that are capable of being implemented in the event of failure to undertake or to appropriately undertake identified or contingency actions; site liaison and wardening; licensing requirements for undertaking habitat management and surveillance; current and any proposed changes to tenure of the compensation area; tenure of the compensation to be approved by the LPA in consultation with NRW; persons or bodies responsible for undertaking management and surveillance together with required skills and competencies; reporting requirements; and proposed dates for updating or revising the management plan
- Submission of measures designed to prevent the accidental capture/killing of newts (amphibians) during operational (and decommissioning) phases of the scheme (ie post construction). This is essentially the installation and maintenance of an amphibian friendly surface water management system that does not include gully pots (or other similar features);
- Details of timing, phasing and duration of construction activities and conservation measures
- Timetable for implementation demonstrating that works are aligned with the proposed development
- Ecological Compliance Audit, including key performance indicators
- Persons responsible for implementing the works
- Post construction monitoring and record dissemination for a period of not less than 25 years. All ponds to be added to the Wales Great Crested Newt Monitoring Scheme, (see <https://www.cofnod.org.uk/LinkInfo?ID=7> with individuals/bodies being identified as being responsible for monitoring and

1. During the construction phase the developer should take any precaution to prevent contamination of surface water drains and local groundwater. Oils and chemicals should be stored in bunded areas and spill kits should be readily available in case of accidental spillages. For further guidance please visit <http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelines-ppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

2. If waste material is to be used for construction purposes, the activity must be registered with Natural Resources Wales. For further information please visit the website <https://www.gov.uk/government/collections/waste-exemptions-using-waste> and contact the local Environment team (WrexhamFlintshireEnvironmentTeam@cyfoethnaturiolcymru.gov.uk).

3. Any movement of waste material must be accompanied by a waste transfer notes in order to comply with the Waste duty of Care regulations.

All works relating to this development which are audible beyond the site boundary should be carried out only between 7.30 and 18.00 hrs Monday to Friday, and 08.00 to 14.00 hrs on a Saturday, and at no time on a Sunday or a Bank Holiday. Outside these times, any works which are audible beyond the site boundary have the potential to cause unreasonable disturbance to neighbouring premises.

The applicant is advised that the Council has the option to control construction noise by serving a Control of Pollution Act 1974, Section 60, Notice where deemed necessary, and failure to comply with such a Notice can result in prosecution.

The applicant is further advised that any complaints received relating to noise of any type from the development may also be investigated using the Council's Standardised Procedure for Dealing with Noise Nuisance Complaints. This is done under the Statutory Nuisance provisions provided within the Environmental Protection Act 1990, and legal action may be taken where appropriate.

The applicant must adhere to the times given above wherever possible. If however there are urgent or unavoidable circumstances requiring works outside of the specified times, permission to proceed may be sought by contacting Environmental Health and Housing Standards at: heathandhouisng@wrexham.gov.uk or 01978 292040. Please use the same contact details for any other enquiries regarding construction / demolition site noise.

Burning of waste generated from construction activities is not considered to be an appropriate method of disposal and action may be taken as follows:

- Under the Environmental Protection Act 1990 anyone found disposing of construction site waste by burning is likely to be in breach of their duty of care with regard to waste disposal;
- Under the same Act an abatement notice may be served where smoke is judged to be causing a nuisance to neighbouring properties. Failure to comply with the requirements of the notice can result in prosecution;
- Under the Clean Air Act 1993 it is an offence for a commercial activity to burn anything that gives rise to dark smoke.

To prevent offences under the above named Acts there should be no bonfires on the site, to include the prohibition of the burning of cleared vegetation. The applicant should contact the Council's Planning & Regulatory Department on 01978 292040 for further advice and information.

The Applicant is advised that under the Environmental Protection Act 1990, dust from construction and/or demolition activities can be judged to be causing a statutory nuisance to neighbouring properties. A legal notice can be served requiring that any dust nuisance is abated and failure to comply with the requirements of the notice can result in prosecution. The applicant should contact the Council's Planning & Regulatory Department on 01978 292040 for further advice and information.

Warning: An European protected species (EPS) Licence is required for this development.

This planning permission does not provide consent to undertake works that require an EPS licence.

It is an offence to deliberately capture, kill or disturb EPS or to recklessly damage or destroy their breeding sites or resting places. If found guilty of any
