

Planning Appeal: Fencing erected at Blythswood, 112 Norman Road, Wrexham, LL13LBE

Supporting Photographs 6

Views of the interior of the garden showing some of the range of trees and shrubs that have been planted in place of the Leylandii trees that were present previously, although we recognise that these will take time to grow to a height that they soften the line of the fence, we expect that once grown these trees will add significantly to the visual amenity of this area.

The garden has been replanted with Silver Birch, Red Oak, Weeping and Red Elm, Larch, Hazel, Glastonbury Thorn, Ash, Medlar, Fruiting Cherry, several varieties of Apple, Pear, Plum and Quince, Crab Apple, Sea Buckthorn, Dog Rose, Box Honeysuckle and Elder.
