Intelligent Play.

making sport smart.

Technology to make your sports field play better & last longer

Intelligent Play uses the latest in artificial intelligence and machine learning to provide you with the data you need to manage your sports field in a “smart” way

By tracking live usage and participation, Intelligent Play delivers you real-time information and alerts about the status of your field and allows you to schedule maintenance accordingly

Objective

To provide you with a smart sports field that will:

- play better
- play longer
- play safer
- play greener

Technology

Your Intelligent Play dashboard shows you current and historic data from your field, including player hours, usage, machine maintenance hours & maintenance schedules

“It does the work for you & takes away a lot of admin. It also enables my facility manager to manage his staff & lets me easily export data for board and project meetings”

George Wells, Head of Commercial & Operations, Rectory Park, Middlesex FA

Discount available when ordered & installed with your lighting
