Subject: 17 Duke Street Chirk Wrexham

Hello Sharon

I am the resident at 1 Duke Street Chirk.

I oppose the planning due to living across from the land opposite me.

I have been living here for almost 20 years.

The problem in our street is parking.

Also before Syd died he had some trees cut, it did cut a lot of light from our house.

So when the trees were cut it was a surprise how much light was coming in again.

I had a lot of mud and debris to clean when they were doing the house up.

The interference trying to park your vehicle and the mess and dust.

As you know we get enough dust from Kronsplan.

This is a lovely cul de sac and I wish it to remain so.

So I hope our feelings and consideration be taken into account.

Yours Sincerely

S Jones
