Date 24/06/2016

Received

Decision
Date 05/09/2016

TOWN AND COUNTRY PLANNING ACT, 1990

Location of application

22 VALLEY WAY, WREXHAM, LL13 7GW

Description of application

SINGLE STOREY REAR EXTENSION CONVERSION OF GARAGE TO PROVIDE ADDITIONAL LIVING ACCOMMODATION ANCILLARY TO MAIN HOUSE AND LINK EXTENSION

In reaching this decision the Council has had regard to the relevant policies in the Wrexham Unitary Development Plan which are as follows:-

EC4	Hedgerows, Trees and Woodland
GDP1	Development objectives
PS2	Development and the environment
T8	Parking

Revision	Date	Description of Decision
0	05/09/2016	Planning permission issued

Particulars of decision that permission be GRANTED

Subject to the following:-

Condition(s)

1. The development hereby permitted shall be commenced before the expiry of five years from the date of this permission.
2. The development shall only be carried out in strict accordance with the details shown on the approved drawing(s) numbered 751/SK01 Rev A, 751/SK02 Rev A and 751/SK03 and contained within the application documentation.
3. No part of the development shall commence until a detailed Arboricultural Method Statement has been submitted to and approved in writing by the Local Planning Authority.

Applicant	MR BASHARAT JAMEEL	Code No	WRO P /2016/0600
Agent	CB ARCHITECTURAL DESIGN MR CRAIG BAUGH 41 FOSTER ROAD RHOSDDU WREXHAM LL11 2LT	Date Received	24/06/2016
		Decision Date	05/09/2016

No development or other operations shall take place except in strict accordance with the Method Statement as is approved. The Method Statement shall include the following:

- a) A specification for tree protection fencing and ground protection measures that comply with British Standard 5837:2012;
- b) A Tree Protection Plan showing the location of the trees to be removed and retained with their crown spreads, Root Protection Areas, Construction Exclusion Zones, and location of protective fencing and ground protection measures accurately plotted;
- c) A full specification for any access, driveway, path, underground services or wall foundations within retained tree Root Protection Areas or Construction Exclusion Zone, including any related sections and method for avoiding damage to retained trees;
- d) Details of general arboricultural matters including proposed practices with regards to cement mixing, material storage and fires;
- e) Details of the frequency of supervisory visits and procedures for notifying the findings of such visits to the Local Planning Authority;
- f) Method for protecting retained trees during demolition works;
- g) Details of all proposed tree works, including felling and pruning.

4. No part of the development shall commence until full details for the arboricultural supervision of tree protection measures and any ground works within retained tree(s) Root Protection Areas, as specified by BS5837:2012 or as shown on a Tree Protection Plan have been submitted to and approved in writing by the Local Planning Authority. The supervisory works shall be carried out in strict accordance with the details as approved.

5. No part of the development shall commence until the design of the foundations for the proposed development within retained tree(s) Root Protection Areas, as specified by BS5837:2012 or as shown on a Tree Protection Plan have been submitted to and approved in writing by the Local Planning Authority. Foundation design shall take into account the presence of tree roots. The works shall be carried out in accordance with the foundation design as approved.

Reason(s)

1. To comply with Section 91(3) of the Town and Country Planning Act, 1990.
2. To ensure that the development fully complies with the appropriate policies and standards.
3. To ensure the work is carried out to accepted arboricultural practices for the long term wellbeing of the tree(s).
4. To ensure the work is carried out to accepted arboricultural practices for the long term wellbeing of the tree(s).
5. To ensure that hard surfacing does not cause harm to retained trees in the interests of visual amenity.

		Decision Date	05/09/2016

Note(s) to Applicant

You should ensure that any difference between the plans approved under the Town and Country Planning Acts and under the Building Regulations is resolved prior to commencement of development, by formal submission of amended plans.

You are advised that building work which involves work on an existing wall shared with another property, building on the boundary with a neighbouring property or excavating near a neighbouring building may require the separate consent of the neighbour under the provisions of the Party Wall Act. If you require further information or advice please contact the Building Control Section on 01978 292050.

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Your attention is drawn to The Coal Authority Policy in relation to new development and mine entries available at: <https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries>

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action. Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com

If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. Further

information is available on The Coal Authority website
at: www.gov.uk/government/organisations/the-coal-authority.

Some public sewers and lateral drains may not be recorded on Dwr Cymru Welsh Water's maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist Dwr Cymru Welsh Water, the applicant is advised to contact the Operations Contact Centre at Dwr Cymru on 0800 085 3968 to establish the location and status of the sewer. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

All works relating to this development which are audible beyond the site boundary should be carried out only between 7.30 and 18.00 hrs Monday to Friday, and 08.00 to 14.00 hrs on a Saturday, and at no time on a Sunday or a Bank Holiday. Outside these times, any works which are audible beyond the site boundary have the potential to cause unreasonable disturbance to neighbouring premises.

The applicant is advised that the Council has the option to control construction noise by serving a Control of Pollution Act 1974, Section 60, Notice where deemed necessary, and failure to comply with such a Notice can result in prosecution.

The applicant should adhere to the times given above wherever possible. For further information and advice regarding construction noise please contact the Council's Housing and Public Protection Department on 01978 315300.

Officer Appointed for this purpose
Head of Environment and Planning
