Annwyl Syr/Madam / Dear Sir/Madam,

**BWRIAD / PROPOSAL: HYSBYSIAD YMLAEN LLAW AM DDYMCHWEL ADEILAD/
PRIOR NOTIFICATION FOR DEMOLITION OF BUILDING**

LLEOLIAD / LOCATION: CENTRE 67, 67 RHOSDDU ROAD, RHOSDDU, WREXHAM

Thank you for consulting Cyfoeth Naturiol Cymru / Natural Resources Wales about the above, which we received on 19/04/2021.

We have no objection to the proposed development as submitted and provide the following advice.

Protected Species

Bats and their breeding and resting places are protected under the Conservation of Habitats and Species Regulations 2017 (as amended).

We note that the bat report submitted in support of the above application (Styles, J. & Pescoed, J. (2020) Proposed Demolition of Centre 67, Rhosddu, Wrexham - Bat Survey and Bird Assessment Ref C421/1.0. Marches Ecology) has identified that bats were not using the application site. We therefore have no comments to make on the application as submitted.

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

Advice for the Developer

Waste produced during construction

Waste produced during the construction phase of your development must be dealt with appropriately and be in line with all relevant waste legislation including Duty of Care Regulations and Hazardous Waste Regulations. As part of your waste duty of care you must classify the waste produced:

- before it is collected, disposed of or recovered
- to identify the controls that apply to the movement of the waste
- to complete waste documents and records
- to identify suitably authorised waste management options
- to prevent harm to people and the environment.

Any waste removed from site will be subject to waste management controls. The links below provide information on how to classify waste and register as a waste carrier or hazardous waste producer:

<https://naturalresources.wales/permits-and-permissions/waste/?lang=en>

<https://naturalresources.wales/permits-and-permissions/waste/waste-permits/?lang=en>

Further guidance can be found on the GOV website here:

<https://www.gov.uk/managing-your-waste-an-overview/duty-of-care>

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully

Rachael Burke
