Subject: Fwd: P/2021/0027- Soil analysis report - Cefn Glas, Cefn Mawr

Hi Richard,

We have spoken to the contractor who provided the soil and the analysis document. The soil is from the the site which
was cleared in 2014, later the land was sold for the development of the Shell Services an Holt Rd, Holt, Wrexham LL13
9SB (on the new bypass road for the Wrexham Industrial estate). The soils have remained stockpiled on the site
following their testing in 2014 and the contractor has moved the soil directly from the site to ourselves.

Hope this helps

Robin
