Subject: FW: Relocation of bus stop at Gower Homes proposed site, Johnstown
Attachments: S21030811050.pdf

Hi.

Just to inform you that we have looked at the plan and have no objections to it and I see that all other details that are at the current bus stop location will be put back at its new location.

STAY SAFE

Regards

Graham

Sorry, this time with the consultation response also.

Hi Matthew,
I understand we have submitted the information responding to the Highways queries, namely autotracking and vis splays?

Best Regards
Doug

Hi Graham, Andrew,

Reference our discussion just, I confirm that we will reinstate exactly the same detailing for the relocated bus stop, using the same kiosk, with the high kerbs, and on this basis note that Andrew and yourself are comfortable with the principle of the relocation as attached.

If you could please confirm the same to Matthew, and cc me in I would be very grateful please?

For your records I note that Highways development control have no objections to our proposal (ref attached consultation response dated 21st Jan 21) and that we would be liaising with Highways throughout for the finite detailing via S38 agreement for the new road, then S50 for doing the works in a safe manner.

Best Regards
Doug
