Dear Sharon

Thank you for consulting the SPAB over the proposals at Knolton Hall. I understand that the proposals contained within this application are limited to the demolition and replacement of the existing stables. These structures appear to be later than the 1720 date for the SPAB to consult. We would recommend consulting the Victorian Society over the proposals contained within this application.

For clarity, please can you confirm that the demolition of the stone building by the car port directly adjacent to Knolton Hall form part of this application. We have provided a consultation response and an objection to this aspect of the proposal under a previous application.
