Dear Sir/Madam,

PROPOSAL: PORTAL BUILDING TO STORE EQUIPMENT AND PLANT (IN RETROSPECT)

LOCATION: THE BARN, HIGHER BERSE, HIGHER BERSE ROAD, SOUTHSEA

Thank you for consulting Cyfoeth Naturiol Cymru / Natural Resources Wales about the above, which we received on 21/01/2021. If we had been consulted prior to the development being built, we would have advised following.

We have no objection to the proposed development as submitted and provide the following advice.

Protected Species

We note that there is no information about protected species with the application and, therefore, are assuming that your Authority has screened the application and concluded that there is not a reasonable likelihood of protected species being present.

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

Advice for the Developer

Agriculture:

The facilities must comply with the Water Resources (Control of Pollution) (Silage and Slurry) (Wales) Regulations 2010. Site operators should ensure that there is no possibility of contaminated water entering and polluting surface or groundwater.

Please refer to the link below for further information:

If you have any queries on the above, please do not hesitate to contact us.

Yours faithfully,

Joy Evans
