		Decision Date	07/06/2019

- ii) Specify the responsibilities of each party for the implementation of the SuDS scheme, together with a timetable for that implementation; and,
- iii) Provide a timescale for implementation, management and maintenance plan for the lifetime of the development which shall include the arrangements for adoption by any public authority or statutory undertaker and any other arrangements to secure the operation of the scheme throughout its lifetime.
9. No development shall take place until a phased site investigation of the nature and extent of contamination has been carried out and submitted to and approved in writing by the Local Planning Authority. If any contamination is found during the site investigation, no part of the development shall commence until a scheme specifying the measures that will be taken to remediate the site to render it suitable for the development hereby permitted has been submitted to and approved in writing by the Local Planning Authority. The site shall thereafter be remediated in accordance with the approved scheme. If during the course of development any contamination is found that has not been identified in the site investigation, no further development shall take place on those parts of the site where that contamination has been found until an additional scheme of remediation has been submitted to and approved in writing by the Local Planning Authority for those parts of the site. The relevant parts of the site shall thereafter be remediated in accordance with the additional scheme of remediation.
10. Each part of the site subject to the remediation under the scheme(s) approved as part of condition 09 shall not be occupied/used until a Validation Report has been completed in respect of that part of the site and submitted to and approved in writing by the Local Planning Authority.
11. No dwelling shall be occupied until a scheme of odour mitigation in respect of the pumping station identified on drawing no. JWA/PD/00 Revision I has been implemented in full in strict accordance with details that shall have first been submitted to and approved in writing by the Local Planning Authority.
12. The vehicular parking and turning areas as shown on approved drawing(s) No(s). JWA/PD/00 Revision I shall be fully laid out, surfaced and drained prior to first use of the development. These areas shall thereafter be permanently retained and kept free of any obstruction, and made available solely for the parking and turning of motor vehicles at all times.
13. The development shall be carried out in strict accordance with section 5: Method Statement of the Pearce Environment Reptile Survey Report dated May 2018

15. To ensure the development does not result in an increased risk of off-site flooding in accordance with policy EC12 of the Wrexham Unitary Development Plan.

Note(s) to applicant

Following the commencement of Schedule 3 of the Flood and Water Management Act, the works as proposed will be required to obtain approval from the SuDS Approving Body (SAB) prior to commencement of those construction works should any condition not be submitted for discharge prior to the 7th January 2020. This may require amendments, including site to site layout, to demonstrate compliance with the now Statutory Standards that may require any valid planning permission to be revisited. Further details of the SAB, the new national standards, the pre-application advice service and the application for approval process can be found on the Wrexham CBC's SAB webpage: <https://www.wrexham.gov.uk/>

Prior to any works commencing on site a method statement and risk assessment must be submitted to Network Rail's Asset Protection Engineer (assetprotectionWales@networkrail.co.uk) for approval. This must take full account of the consultation response received from Network Rail dated 20 November 2018

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.
