Dear Simon,

Thank you for consulting the SPAB over the proposals to remove a brick boundary wall at the grade II listed school. Whilst we have not had an opportunity to visit the site, we have reviewed the documentation submitted online and would like to provide the following observations.

There is limited supporting information included within this application which describes the brick wall. This makes it difficult to assess its significance and whether it is appropriate to demolish and replace the wall with steps. We are in principle supportive of the proposals contained within this application but request that photographs or further information is provided to demonstrate that the proposals do not impact the character of this grade II listed building.

Kind regards,

Elgan
