### **Note(s) to applicant**

The applicant is advised that compliance with condition no. 23 does not provide an exemption from the statutory noise nuisance provisions of the Environmental Protection Act 1990. Any complaints received relating to noise from the development during the permitted hours may still be investigated using the Council's Standardised Procedure for Dealing with Noise Nuisance Complaints and legal action may be taken where appropriate.

Burning of waste generated from construction activities is not considered to be an appropriate method of disposal and action may be taken as follows:

- Under the Environmental Protection Act 1990 anyone found disposing of construction site waste by burning is likely to be in breach of their duty of care with regard to waste disposal;
- Under the same Act an abatement notice may be served where smoke is judged to be causing a nuisance to neighbouring properties. Failure to comply with the requirements of the notice can result in prosecution;
- Under the Clean Air Act 1993 it is an offence for a commercial activity to burn anything that gives rise to dark smoke.

To prevent offences under the above named Acts there should be no bonfires on the site, to include the prohibition of the burning of cleared vegetation. The applicant should contact the Council's Environment and Planning Department on 01978 315300 for further advice and information.

Applicants are advised that compliance with condition no. 24 does not provide an exemption from the statutory nuisance provisions of the Environmental Protection Act 1990. Under the Act dust from any type of activity can be judged to be causing a statutory nuisance to neighbouring properties. A legal notice can be served requiring that the dust nuisance is abated and failure to comply with the requirements of the notice can result in prosecution. The applicant should contact the Council's Housing and Public Protection Department on 01978 315300 for further advice and information.

The Applicant is advised that under the Environmental Protection Act 1990, dust from construction and/or demolition activities can be judged to be causing a statutory nuisance to neighbouring properties. A legal notice can be served requiring that any dust nuisance is abated and failure to comply with the requirements of the notice can result in prosecution. The applicant should contact the Council's Housing and Public Protection Department on 01978 315300 for further advice and information.

This permission is granted subject to the above conditions. Some conditions may require your attention prior to you carrying out any work on the proposal. These conditions are known as ""conditions precedent"". You should be aware that it is important that you comply with any ""conditions precedent"". If you do not, then any work you undertake on the development subject of this permission would not have planning permission.

The scheme of arboricultural supervision required in connection with condition no. 15 above shall make provision for a pre-commencement site meeting between the Local Planning Authority's Arboriculturist, the Developer/ Applicant/ Agent and their appointed Arboricultural Supervisor to agree matters of detail. It shall specify the frequency of arboricultural monitoring and reporting to the Local Planning Authority on the status of all tree protection measures throughout the course of the development and make provision for the submission and approval of a satisfactory arboricultural completion statement.

This planning permission requires that development be carried out in accordance with the approved plans, including the construction of an estate road intended for adoption by the Council under the Highways Act 1980. It is essential therefore that the detailed proposals are submitted to the Highway Authority and confirmed as acceptable BEFORE development commences. Please contact the Highway Authority on telephone no. 01978 729690 for further guidance.

The applicant is advised that formal submission of the relevant section 38 adoption agreement, between the applicant and the Highway Authority, to the Local Planning Authority will allow the above condition no(s). 12 to be formally discharged in writing.

You must comply with your duties in section 71ZB (notification of initiation of development and display of notice: Wales) of the Town and Country Planning Act 1990. The duties in that section include the following:

\* Notice of initiation of development

Before beginning any development to which this planning permission relates, notice must be given to the Local Planning Authority in the form set out in Schedule 5A to the Town and Country Planning (Development Management Procedure) (Wales) Order 2012 or in a form substantially to the like effect. The forms set out the details that must be given to the Local Planning Authority to comply with this duty.

\* Display of notice

The person carrying out development to which this planning permission relates must display at or near the place where the development is being carried out, at all times when it is being carried out, a notice of this planning permission in the form set out in Schedule 5B of the Town and Country Planning (Development Management Procedure) (Wales) Order 2012 or in a form substantially to the like effect. The form sets out the details that the person carrying out development must display to comply with this duty.

The person carrying out development must ensure that the notice is:

- a) Firmly affixed and displayed in a prominent place at or near the place where the development is being carried out;
- b) Legible and easily visible to the public without having to enter the site; and
- c) Printed on durable material. The person carrying out development should take reasonable steps to protect the notice (against it being removed, obscured or defaced) and, if need be, replace it.
