Existing

Specimen trees to remain (indicative positions)

Vegetation to be removed

Proposed

Proposed Native hedge (species as indicated within schedules)

Proposed Specimen tree (species as indicated within schedules)

Proposed Climber planting (species as indicated)

Proposed Native groundcover planting (species as indicated)

Proposed Amenity Grass Short Mown (Amenity Turf mix to clients selection)

Proposed Species Rich Grass (Long grass sward) (as indicated within schedules)

- Notes
1. Proposals based upon Topographical survey and Layout provided by client.

2. Layout as indicated on D.P.A. Site Layout Plan reference P-02 Rev. J dated 01/18. As amended by GMC email dated 03.10.20

3. Arboricultural and Ecological reporting provided separately.

4. Fencing heights and types provided by client- details provided elsewhere.

5. Seed mix sowing densities to be in accordance with suppliers recommendation.

6. TIMING OF WORKS: Landscaping works to be implemented in all respects within three months of the first use of the development, with the exception of soft landscaping which will be carried out in the first planting season (November- March) or seeding season (April to September) following first use of the development.
