Hi Sharon,

The information submitted by the applicant shows that a suitable surface water management scheme should be deliverable in this instance and so I would have no objection to the condition being discharged, however, no formal application for SAB approval has been received to date, therefore, the applicant will be unable to commence construction works until they do receive approval.

Kind regards

Hi Jason,

Can I just check with you that you are saying that you are content for me to approve the submitted drainage scheme although it may not be SAB compliant?

Thanks
Sharon
