b. the scale of the building(s)

c. the appearance of the building(s)

d. the landscaping of the site

2. Plans and particulars of the reserved matters referred to in condition 1 (above) shall be submitted in writing to the Local Planning Authority before the expiry of three years from the date of this permission. The development shall only be carried out in strict conformity with such details as are approved.

3. The development hereby approved shall be commenced before the expiry of five years from the date of this permission or before the expiry of two years from the date of approval of the last of the reserved matters required to be approved, whichever is the later.

4. This permission shall provide for a maximum of 1 no. dwelling.

5. No part of the development shall commence until a scheme for the comprehensive and integrated drainage of the site indicating provision for foul water, surface water and land drainage has been submitted to and approved in writing by the Local Planning Authority. Prior to the submission of those details, an assessment shall be carried out into the potential for disposing of surface water by means of Sustainable urban Drainage Systems (SuDS) in accordance with the principles of sustainable drainage systems set out in Technical Advice Note 15: Development and Flood Risk, and the results of the assessment shall be submitted in writing to the Local Planning Authority. Where a SuDS scheme is to be implemented, the submitted details shall:

i) Provide information about the design storm period and intensity, the method employed to delay and control the surface water discharged from the site and the measures taken to prevent pollution of receiving ground water and/or surface waters;

ii) Specify the responsibilities of each party for the implementation of the SuDS scheme, together with a timetable for that implementation; and,

iii) Provide a timescale for implementation, management and maintenance plan for the lifetime of the development which shall include the arrangements for adoption by any public authority or statutory undertaker and any other arrangements to secure the operation of the scheme throughout its lifetime.

6. No part of the development shall be occupied until the sustainable drainage scheme for the site has been completed in accordance with condition no. 5. The sustainable drainage scheme shall be managed and maintained thereafter in strict accordance with the agreed management and maintenance plan.
