SUPPORTING STATEMENT FROM APPLICANT

I am asking for permission to extend Yr Hen Bwthyn, a two bed cottage on my farm which my son, his fiancé and three young children are renting.

When they moved in they had just one child, a girl but have now added to their family with a set of twin boys. In order for my son to remain in the village he grew up in I need to provide a larger property for him and his family. I am getting older and need help at times on the farm and if he is going to take over from me then he needs to be here.

His fiancé is local too, her parents live in Froncysyllte, which means they have the support they need close by. The children will be supporting the local school, Ysgol Y Garth, which is where my grandfather, father, myself and my sons were educated. My son works locally for Tesco in Cefn Mawr.

I feel that this family needs to be able to stay in this village as so many young people are forced to leave because they can't afford to buy here.

I look forward to receiving your support

Russell Williams
