Dear Sir / Madam (Sharon)

Please can you consider this email as additional reason for rejection of the proposed building on this cherish piece of land adjacent to Greenacres.

As previously stated the roads in the area are already over loaded with traffic and this proposed plan will only add to the problems currently experienced.

The lane and fields add to the natural surroundings and the hedges around the plot really need to be kept to ensure the wildlife intact.

The build is only in the benefit of one individual and I would really like to stress the importance of preserving the local area.

It simply makes no sense to over build in this over loaded area.

Thank you for considering my point of view and concerns.

Regards

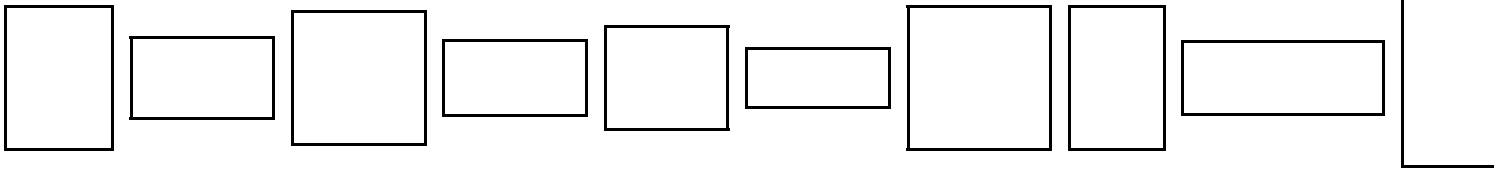

Ged Carabini • Commercial Director
