Agent	LAWRAY ARCHITECTS KEITH O'HANLON THE BYRE CROESNEWYDD HALL WREXHAM LL13 7YP	Date Received	15/10/2020 17/12/2020
		Decision Date	

3. No land drainage run-off or surface water shall be permitted to discharge or connect to the public sewerage system, either directly or indirectly, and foul and surface water shall be drained separately from the site.

4. No development shall take place until a phased site investigation of the nature and extent of contamination has been carried out and submitted to and approved in writing by the Local Planning Authority. If any contamination is found during the site investigation, no part of the development shall commence until a scheme specifying the measures that will be taken to remediate the site to render it suitable for the development hereby permitted has been submitted to and approved in writing by the Local Planning Authority. The site shall thereafter be remediated in accordance with the approved scheme. If during the course of development any contamination is found that has not been identified in the site investigation, no further development shall take place on those parts of the site where that contamination has been found until an additional scheme of remediation has been submitted to and approved in writing by the Local Planning Authority for those parts of the site. The relevant parts of the site shall thereafter be remediated in accordance with the additional scheme of remediation.

5. Each part of the site subject to the remediation under the scheme(s) approved as part of condition 04 shall not be occupied/used until a Validation Report has been completed in respect of that part of the site and submitted to and approved in writing by the Local Planning Authority.

6. The development shall be carried out in strict accordance with the SCALES Consultancy Limited Ecological Management and Monitoring Plan dated 3 October 2016 and approved on 5 October 2016 under reference no. P/2016/0797 in respect of the following:

- i) the implementation of Habitat Areas and
- ii) Reasonable Avoidance Measures in respect of Great Crested Newts
- iii) Biosecurity Risk Assessment

7. The Habitat Areas provide in accordance with condition 06 be retained in perpetuity as an ecological mitigation area and managed and monitored in strict accordance with the SCALES Consultancy Limited Ecological Management and Monitoring Plan dated 3 October 2016 and approved on 5 October 2016 under reference no. P/2016/0797.

8. No facing or roofing materials shall be used other than those detailed on the application form and within the approved application documentation.

9. The development shall operated in accordance with the ESL Travel Plan dated 16.9.2019

		Decision Date	

10. The 2.0m wide footways shown on approved drawing no. ESW-LAW-X-X-DR-A-910003 Revision P02 shall be laid out, surfaced and drained prior to the first occupation of the development hereby granted permission.

11. Prior to first use of the development hereby approved the vehicular access shall provide visibility splays of 2.4 metres x 120 metres to the north west and 2.4 metres x 100 metres to the south east measured to the nearside edge of the adjoining highway. Within these splays there shall be no obstruction in excess of 1 metre in height above the level of the adjoining highway. The splays shall thereafter be permanently retained clear of any such obstruction to visibility.

12. The vehicular parking and turning areas as shown on approved drawing(s) No(s). ESW-LAW-X-X-DR-A-910003 Revision P02 shall be fully laid out, surfaced and drained prior to first use of the development. These areas shall thereafter be permanently retained and kept free of any obstruction, and made available solely for the parking and turning of motor vehicles at all times.

13. Prior to first use of the vehicular access hereby approved, the access shall be surfaced with hard bound materials (e.g. bituminous macadam) for a minimum distance of 10 metres behind the adjoining highway.

14. No private surface water run off shall be permitted to flow from the development site onto the adjoining highway. An Aco drain or similar shall be provided across the approved access to intercept any such run off prior to first use of the development.

15. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking, re-enacting that Order with or without modification), no gate, fence, wall or other means of enclosure shall be erected, constructed or placed across the access within 10 metres of the highway boundary under Class A, of Schedule 2 Part 2

Reason(s)

1. To comply with Section 91(3) of the Town and Country Planning Act, 1990.
2. To comply with section 71ZA (2) of the Town and Country Planning Act 1990.
3. To protect the integrity of the public sewerage system and prevent hydraulic overloading of the public sewerage system. To protect the health and safety of existing residents and to ensure no detriment to the environment
