Hi Sharon,

Information relating to the conditions have been completed, may not have been included within our submission.

This is what appears to have happened based on Jon's response.

Please find attached a letter confirming Steve Shields will be employed and hardstanding is to remain as existing with no alterations proposed,
this should allow conditions 5 & 6 to be discharged.

In reference to the landscaping plan, the areas are to remain as existing hardstanding isn't proposed to be altered, reference to blobs on the site plan is imitation shrubbery which may or may not be planted I can include information should this be required, however the intention to retain the existing landscaping the preference for client. All other elements of the landscaping have been labelled clearly with no alterations proposed as noted.

Please let me know should anything additional be required.

I am aware the slate sample is required, the contractor I have approached as of yet hasn't obtained the sample and at present is on leave.

Kind regards
