Subject: Five Fords - a note of support

Dear Ian and Mark,

I would like to express support for the Five Fords project from the perspective of Wrexham Glyndwr University.

As you will be aware, the scheme will support the low carbon agenda and promises bring 150 direct jobs to Wrexham, adding £4m annually to the local economy with an additional £4m in the construction phase.

As I'm sure you are aware, the opportunity is both significant and time-limited, and other alternative sites will be chosen if Wrexham is unable to host it.

For clarity, the project aligns with the University's innovation and KT activity but we are not beneficiaries of the proposal.

Yours,

Aulay Mackenzie.
