Particulars of decision that permission be REFUSED

Reason(s)

1. Insufficient information has been submitted with the application to demonstrate that the proposal is capable of conversion without tantamount to the erection of a new dwelling outside a settlement limit. In the absence of this information, the proposal would conflict with UDP Policies H3 and H5 of the Wrexham UDP as well as the provisions set out within Local Planning Guidance Note 03 and 13.
2. The proposal, by virtue of the resultant design and appearance of the building as well as the design, appearance and extent of the unauthorised access road, would alter the form, character and appearance of the original building as well as the site and locality itself, detrimentally impacting on the building, as well as this open countryside location and surrounding landscape.

The proposal would be contrary to Policies GDP1 and H3 of the Wrexham UDP, as well as LPG 03 and 13.

3. Insufficient information has been submitted with the application to demonstrate that the proposal would have no adverse impact on bats. The proposal would conflict with UDP Policy EC6.
