Particulars of decision that permission be GRANTED
Subject to the following:-

Condition(s)

1. Details of the scale and appearance of the buildings and the landscaping of the site (hereinafter called ""the reserved matters"") shall be submitted to and approved in writing by the local planning authority before any development begins and the development shall be carried out as approved.
2. Application for approval of the reserved matters shall be made to the local planning authority not later than three years from the date of this permission. The development shall only be carried out in strict conformity with such details as are approved.
3. The development hereby permitted shall begin either before the expiration of five years from the date of this permission or before the expiration of two years from the date of approval of the last of the reserved matters to be approved, whichever is the later.
4. The development shall only be carried out in strict accordance with the details shown on the approved drawings numbered 500_C, 503, 1250, 1251, 1252_C, 5000 and Figure 12 contained within the Transport Statement Addendum dated February 2012.
5. The development shall be carried out in accordance with the drainage scheme reference C602/SBS/JTJ/U0365 by Shepherd Gilmour Infrastructure Ltd dated 13 October 2011. The approved scheme shall be implemented in accordance with a timescale to be agreed in writing by the local planning authority and maintained thereafter.
6. No development shall be commenced until a scheme of dust mitigation measures has been submitted to and approved in writing by the local planning authority. Such a scheme shall be as recommended in Section 4.6 of the report by Royal Haskoning titled 'Bryn Lane Wrexham: Air Quality, Noise and Vibration Assessment reference 9X0457' and shall be implemented as approved during the construction phase of the development.
7. No development shall be commenced until a scheme of noise and vibration mitigation measures has been submitted to and approved in writing

by the local planning authority. Such a scheme shall be as recommended in Section 3.5.2 of the report by Royal Haskoning titled 'Bryn Lane Wrexham: Air Quality, Noise and Vibration Assessment reference 9X0457' and shall be implemented as approved during the construction phase of the development.

8. No development shall be commenced until a scheme has been submitted to and approved in writing by the local planning authority to ensure that the rating level of any noise generated by reason of this development shall not exceed the permissible boundary noise levels specified in Table 3.8 of the report by Royal Haskoning titled 'Bryn Lane Wrexham: Air Quality, Noise and Vibration Assessment reference 9X0457' at any time.

Measurements and an assessment shall be made in accordance with BS 4142:1997 Method for Rating Industrial Noise Affecting Mixed Residential and Industrial Areas. The development shall only be carried out in accordance with the approved scheme.

9. Prior to the first use of the development hereby approved the vehicular accesses shown on drawing no. 503 shall provide visibility splays of 2.4 metres x 120 metres in both directions measured to the nearside edge of the adjoining highway. Within these splays there shall be no obstruction in excess of 1 metre in height above the level of the nearside edge of the adjoining highway. The splays shall thereafter be permanently retained clear of any such obstruction to visibility.

10. Prior to the first use of the development hereby approved the vehicular access serving the proposed development along Bryn Lane shall provide adequate forward visibility by providing a stopping sight distance of 120 metres for vehicles approaching the proposed access from the north.

11. No part of the development shall be commenced until a scheme detailing the construction of the following has been submitted to and approved in writing by the local planning authority:

(a) Detailed layout, design, drainage and construction of the proposed new footway/carriageway along Bryn Lane; and

(b) Detailed layout, design, drainage and construction of the proposed new right hand turning lane serving the proposed development

The scheme as approved shall be fully implemented prior to the first use of the development.

12. A Final Travel Plan shall be submitted to and approved in writing by the local planning authority following the first anniversary of the first use of the development, in accordance with a timetable to be agreed in writing with the local planning authority.

13. No part of the development shall be commenced until a scheme to deal with potential contamination at the site has been submitted to and approved in writing by the local planning authority. This scheme shall include a phased investigation approach to identify the extent of any contamination and any measures required to remediate the site, including post-development monitoring.

14. No part of the development shall be occupied until a Verification Report which demonstrates that the remedial works approved as part of condition no. 13 have been satisfactorily carried out, has been submitted to and approved in writing by the local planning authority.

15. The development shall be carried out in strict accordance with the following arboricultural plans and reports submitted and approved as part of this application:

(a) Arboricultural Implications Assessment Report Ref: TEP.3080.003 version 3 dated March 2012; and

(b) Tree Implications and Protection Plan Ref no. D3080.002 A

No development or other operations shall take place except in strict accordance with the reports as approved.

16. The hard landscaping scheme approved as part of the reserved matters application shall be fully implemented in strict accordance with the approved drawings within three months of the first use of the development with the exception of soft landscaping which shall be carried out in the first available planting season (November to March) or seeding season (April to September) following the first use.

17. The landscaping scheme pursuant to condition 17 shall be permanently retained for the lifetime of the development. Any planting becoming severely damaged or seriously diseased, or which is in poor physiological condition and/or is removed without the written permission of the local planning authority shall be replaced within a timescale to be submitted to and approved in writing by the local planning authority.

18. No part of the development shall commence until a Landscape Management Plan, including long term design objectives, management responsibilities and maintenance schedules for all landscaped areas has been submitted to and approved in writing by the local planning authority. The landscaping shall be managed and maintained in strict accordance with the approved details.

19. As part of the reserved matters application a long term Ecological Management Plan and Ecological Method Statement shall be submitted to and approved in writing by the local planning authority. This information shall demonstrate how existing features of ecological/wildlife interest will be

protected, identify any areas of compensation and demonstrate management in the long term. The recommendations as approved shall be fully implemented in accordance with timescales to be agreed in writing before any part of the development commences on site.

20. The access road and footways shall be progressively constructed to base coat standards from Bryn Lane. Details of wildlife friendly kerb stones and gully pots to safeguard amphibians from harm through incidental capture as part of these works shall be submitted to and approved in writing by the local planning authority prior to their installation. Such works shall be completed prior to the first occupation of the building hereby approved.

21. No part of the development shall commence until an updated Bat Roost and Bird Breeding Assessment, carried out by a qualified ecologist, has been submitted to and approved in writing by the local planning authority. The report shall include an Ecological Method Statement demonstrating/identifying any measures of protection/compensation/mitigation. The recommendations as approved shall be implemented in strict accordance with timescales to be agreed in writing before any part of the development commences on site.

22. No part of the development shall commence until a detailed Arboricultural Method Statement has been submitted to and approved in writing by the local planning authority. No development or other operations shall take place except in strict accordance with the Method Statement as approved. The Method Statement shall include the following:

- (a) A specification for tree protection fencing and ground protection measures that comply with British Standard 5837:2012;
- (b) A Tree Protection Plan showing the location of the trees to be removed and those to be retained with their crown spreads, Root Protection Areas, Construction Exclusion Zones, and the location of protective fencing and ground protection measures accurately plotted;
- (c) A full specification, including any related sections, for any access, driveway, path, underground services or wall foundations within Root Protection Areas or Construction Exclusion Zone of trees to be retained, and methods for avoiding or minimising damage to retained trees;
- (d) Details of general arboricultural matters including proposed practices with regards to cement mixing, material storage and fires;
- (e) Details of the frequency of supervisory visits and procedures for notifying the findings of such visits to the local planning authority; and
- (f) Details of all proposed tree works, including felling and pruning.

23. Notwithstanding the details shown on drawings nos. 500_C and 1252_C, there shall be no means of vehicular access to the site other than the access shown on drawing no. 503.
