Re The Boat at Erbistock – Ecology

Dear Mick

With reference to the Ecological Compliance Audit that you are carrying out I can confirm the following points that you asked for a written response on.

Point 1 - We were not asked to make contact with NRW, although I did have informal meetings with a number of their staff in advance of starting the project.

Point 13 - I can confirm that we instructed the team to ensure that no lighting would be installed that may interfere with any flight for bats and that to the best of my knowledge that this has already been implemented.

Points 15 and 16 - I can confirm that I will commit to carrying out the monitoring works and ensure that none of the identified roosts will be blocked up or obstructed.

If you need anything then please let me know

Thanks and all the best

Graham Price
Director
