Subject: S087171-1 - ISSUED LICENCE - GCN at Wrexham Solar Park, Wrexham - Planning ref: P/2015/0463

Dear Russell and David,

Please find attached an electronic copy of your licence regarding the above, which has now been authorised; you will not receive a paper copy, therefore please print this out for your records.

Please ensure you adhere strictly to the conditions of the licence, the licence is binding until all conditions have been fulfilled.

The licence is issued under the Conservation of Habitat and Species Regulations 2017, please note: **It is an offence for the holder of a licence to contravene or fail to comply with any condition attached to the licence.** The maximum penalty available for an offence under the Regulations is a level 5 fine (£5000) and/or a six-month custodial sentence. **Some of the listed conditions will require information to be submitted to us by certain dates, please make sure that you read and adhere to all the conditions listed on the licence.**

Please be aware that if post-development monitoring is required as part of this development licence, a separate survey licence (if required for the type of activity to be undertaken) will need to be in place for the person/s undertaking this monitoring. If post-development conservation management works are required as part of this development licence a separate conservation licence will need to be applied for, to cover any management works that are to be undertaken beyond the expiry date of the development licence that has been issued.

REPORTING

Please note that the submission of a completed EPS Development licence Report form is one of the conditions of your licence. **The report should detail the works carried out under this Licence providing evidence to demonstrate how the work has complied with the method statement, details of any species encountered and photographic evidence of the mitigation.** Please complete and return the form to specieslicence@naturalresourceswales.gov.uk within **four weeks of the licence expiry date**. Report forms are available to download from the NRW website at:

<https://naturalresources.wales/permits-and-permissions/protected-species-licensing/?lang=en>

AMENDMENT/EXTENSION REQUESTS

Amendment/extension requests must be submitted on an amendment request form before the current licence expires. The form can be downloaded from this webpage: <https://naturalresources.wales/permits-and-permissions/protected-species-licensing/?lang=en>. The processing period for amendments/extensions could take up to **15 working days**.

Kind Regards,

Amy Goddard
