Paula,

Can you give me the expected pupils on rolls for 2021, 2022, 2023 and 2024. It is over that period that I'd expect the development to be completed assuming the appeal is allowed.

Regards

Matthew

Paula,

I don't think we could justify a secondary contribution on this basis. Rhosnesni has only just over half full. With 511 places available, 13 additional pupils isn't an issue. We couldn't justify contributions on the basis of some years being full. We only justify contributions on the basis of overall capacity.

Paula,

Case no. is P/2018/0673, Land North of Holt Road, LL13 6EH. Grid reference – E335176 N351460

The proposal is for 74 dwellings. I don't have an idea of site mix, so assume 20% x 2 bed, 50% x 3 bed and 30% x 4 bed.

Nothing on file! I assume Phil has something based on what is in the report.

Would it be possible to have a response based on the current position? Probably best in terms of the appeal anyway.

Paula,

Sorry Paula, I can see where the confusion is now. The response you sent was for the Gatewen development (p/2018/0674). I was also hoping to have the response for Holt Road which was P/2018/0671 – both were submitted by Glyndwr which probably didn't help!

Penrhyn (nearest EM) has only 14 places the majority of which are in the higher year groups, same applies to the nearest WM Plas Coch.

85% contribution EM
15% contribution WM

Subject: RE: Education response

Paula,

On the basis of this it would appear you'd need contributions towards primary but not secondary. However it isn't clear if you are looking for a contribution towards Penrhyn and Plas Coch (in which case we'd need to specify a % split between EM and WM in the agreement). By the looks of the figures, both schools don't appear to have capacity even the majority of children sought EM education.
