Advice for the Developer

Pollution Prevention

All works at the site must be carried out in accordance with PPG6: 'Working at construction and demolition sites' which are available on the following website: <http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelines-ppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

Surface Water Drainage

We refer the developer to the Environment Agency (2017) 'Approach to groundwater protection' position statements which have been adopted by Natural Resources Wales. In particular the developer should be aware of the advice under Position Statements G11 (Discharges from areas subject to contamination) and G13 (sustainable drainage systems) applies to this development.

Yn gywir / Yours faithfully,
