Dear Sir or Madam

Thank you for the consultation on this proposed redevelopment of the scheduled and Grade II* listed Agents House.

In this case Cadw and the Built Heritage Conservation Officer will be the primary consultees and will guide the proposals directly in terms of layout changes, fabric alterations and the use of appropriate materials in the rebuild.

We note the mitigation proposals in the Archaeo Domus specification document accompanying the HIA which identify the need for a watching brief during ground reduction works and building recording to an appropriate level. We are in agreement with the specification and these works should be taken forward for the Agents House.

Kind regards

Mark Walters
