Good morning Matthew

Further to your consultation request of the 18 February, it is noted that whilst the above planning application is accompanied by the Mining Investigation Report (March 2009) none of the contents of the appendices are attached to the report. It is noted that appendix D states Coal Authority Permission, but documents submitted through the permitting process are confidential and we in the planning team do not have access to these documents. Therefore could you ask the applicant / developer to provide the full report including all appendices please. Once received, I can formally respond to the reserved matters application.

Thank you for your help

Deb Roberts
