

Dŵr Cymru
Welsh Water

PLA0046500

LEGEND(Representative of most common features)

Waste network

- Foul chamber
- Surface water chamber
- Combined chamber
- Combined sewer overflow
- Special purpose works
- Treatment works
- Pumping station
- Foul sewer
- Surface water sewer
- Private sewer subject to Sect. 104 adoption agreement
- Private Sewer Transfer
- Lateral Drain
- Inspection Chamber
- Outfall
- Lamphole
- Storm Overflow
- Rising main
- Gravity sewer
- Private sewer

NB: Sewer symbol colour indicates the type.

- RED - Combined
- GREEN - Surface Water
- BROWN - Foul
- Blue - Combined S/W sewers (for indicative purposes only)

NB: Sewer symbol colour indicates the type

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dier-Cyren Gundersen ("Dier Company") gives this information as to the position of its underground apparatus by way of general guidance only and on the strict understanding that it is based on the best information available and no warranty as to its effect or value is intended. The location of the underground apparatus is shown in conformity with the Company's apparatus. The onset of locating apparatus before carrying out any excavations rests entirely on you. The information which is supplied by the Company is done so in accordance with statutory regulations sections 198 and 199 of the Water Industry Act 1901. It is stated upon the face of the map that the position of the underground apparatus is given in accordance with the best information available. If they do, it should be noted that the records that are available to the Company may not disclose the existence of a water main, sewer, gas pipe, etc., which may be situated at the same place as the underground apparatus. If they do, the particulars thereof including their position underground may not be accurate. It must be understood that the furnishing of this information is entirely without prejudice to the provisions of the New Roads and Street Works Act 1991 and the Company is right to be compensated for any damage to its apparatus.

Service sizes are not generally shown but their presence should be anticipated.

EXACT LOCATIONS OF ALL APPARATUS
